

# EXPERIMENT – 4b

## TASK ANALYSIS & USER FLOW – PARKPILOT APP (parking slot booking app)

Roll No. 240701253

Name: Keerthana C

### AIM:

The aim is to perform task analysis for the **ParkPilot smart parking app**, document user flows, and create corresponding wireframes using Dia.

### PROCEDURE:

#### Tool Link:

<http://dia-installer.de/>

#### 1. Install Dia:

- Download Dia from the official website (<http://dia-installer.de/>)
- Install Dia on your computer
- Open Dia application

#### 2. Create New Diagram:

- Go to **File** → **New Diagram**
- Select **Flowchart** as the diagram type

#### 3. Add Shapes:

Use shape tools (rectangles, ellipses, diamonds) to represent screens and actions.

### **For ParkPilot:**

- Home Screen (Map View) → Rectangle
- Search Parking → Rectangle
- Parking Listings → Rectangle
- Parking Details → Rectangle
- Slot Selection → Rectangle
- Booking Summary → Rectangle
- Payment Screen → Rectangle
- Booking Confirmation → Rectangle
- My Bookings → Rectangle
- Navigation / Tracking → Rectangle

## **4. Connect Shapes:**

Use the **line tool (arrows)** to show user flow.

### **Main User Flow:**

- Home Screen → Search Parking
- Search Parking → Parking Listings
- Parking Listings → Parking Details
- Parking Details → Slot Selection
- Slot Selection → Booking Summary
- Booking Summary → Payment Screen
- Payment Screen → Booking Confirmation
- Booking Confirmation → My Bookings
- My Bookings → Navigation / Tracking

## **5. Label Shapes:**

Double-click each shape and label clearly.

### **Example Labels:**

- "Home Screen (Map View)"
- "Search Parking"
- "Parking Listings"
- "Parking Details"
- "Select Slot (Time/Type)"
- "Booking Summary"

- "Payment"
- "Booking Confirmation (QR Code)"
- "My Bookings"
- "Navigation to Slot"

## 6. Add Decision Points:

Use **Diamond shape** for decisions:

- "Is Slot Available?"
  - Yes → Proceed to Booking
  - No → Back to Listings
- "Payment Successful?"
  - Yes → Booking Confirmation
  - No → Retry Payment

## 7. Organize the Diagram:

- Arrange shapes in proper flow (left → right or top → bottom)
- Group sections:
  - Browsing & Search
  - Booking
  - Payment
  - Tracking
- Optional colors:
  - Blue → Actions
  - Green → Success
  - Red → Errors

## 8. Save the Diagram:

- Go to **File** → **Save As**
- Save as: "**ParkPilot User Flow Diagram**"
